

Environmental Policy

Canadian Bank Note Company, Limited is committed to operate its facilities in an environmentally conscious manner and promote efficient use of resources. This policy outlines our company's commitment to continually improve our environmental performance and prevent pollution.

Canadian Bank Note Company, Limited will:

- Comply with all applicable environmental laws, regulations and other requirements.
- Undertake all operations in an environmentally conscious and due diligent manner.
- Identify and evaluate potential environmental risks and implement appropriate controls to eliminate or mitigate risks.
- Promote and develop awareness, leadership and accountability among our employees for acting in accordance with the environmental policy.
- Maintain communication with our employees, local community, and regulatory authorities in relation to the company's environmental performance.
- Establish environment objectives and review periodically to assess progress toward continual improvement.
