Environmental Policy

Canadian Bank Note Company, Limited is committed to operating its facilities in an environmentally-conscious and sustainable manner, addressing both the impacts of our activities on the environment as well as the climate-related risks to our operations.

This policy outlines our company's commitment to consider the environment throughout the full lifecycle of our activities, products and services, to promote the sustainable use of resources, to prevent pollution and to continually improve our environmental management system, thereby enhancing our environmental performance.

Canadian Bank Note Company, Limited will:

- Meet all compliance obligations under environmental law, regulation and other requirements.
- Operate in an environmentally-conscious and due diligent manner by focusing on reducing waste in operations, conserving natural resources, lowering emissions, and minimizing overall environmental impact.
- Identify and evaluate potential environmental and sustainability-related risks and opportunities, and implement appropriate controls to eliminate or mitigate these risks, including those brought on by climate change.
- Promote and develop awareness, leadership and accountability among our employees for acting in accordance with the environmental policy and environmental initiatives.
- Maintain communication with stakeholders regarding environmental performance.
- Establish and align annual environmental objectives with corporate strategy and will review them periodically to assess progress toward continual improvement.
